## Developmental Designs For Middle School 1

**Reflection Journal** 

## **Goals and Declarations**

Thinking about the needs that most interest you, what is your goal and declaration for the week? Start it with I will...e.g. I will find 3 ways to increase relationships among students in my math classes.

R	efl	ection	after	day	4
---	-----	--------	-------	-----	---

List three actionable practices or strategies to support your goal.

your goal.
1.
2.
3.
Potential barriers:
Resources and assets to overcome barriers:

## Reflection after day 1... From today's learning, list two actionable strategies or practices to implement that will support your goal.

## Reflection after day 2...

From today's learning, **list two actionable strategies** or practices to implement that will support your goal.

Describe any workshop adjustments that might assist your learning:

Describe any workshop adjustments that might assist your learning:

Reflection after day 3 What questions do you have?	The Needs Which of the needs (safety, competence, autonomy, relationship, fun) most interest you? Why?
From today's learning, <b>list two actionable strategies</b> or practices to implement that will support your goal?	List three ways you currently meet that need.
